Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34.

The joint ventures have purchase commitments that consist primarily of major agreements to procure gas. The joint ventures also have a number of agreements for electricity, industrial gases and manpower.

Other contingent liabilities

Qatar Chemical Company II Limited

Site restoration obligations

As required by IAS 37 - Provisions, Contingent Liabilities and Contingent Assets”, the Company assess whether the following criteria are met to recognise provisions:

- whether the Company has a present obligation as a result of a past event,
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and;
- a reliable estimate can be made of the amount of the obligation.

Under the lease agreements, the lessor has the right, upon termination or expiration of the lease term, to notify the company that it requires to either:

- transfer all the facilities to the lessor or a transferee nominated by the lessor, against a price acceptable by the company, or;
- remove the facilities and all the other property from the land and restore it to at least the condition in which it was delivered to the company, at the company’s cost and expense, unless otherwise is agreed with the lessor.

The incurrence of site restoration costs by the Company is contingent to which option is used by the lessor. Since the lessor has not notified the Company the option to be opted, the management believes that the criteria to recognize the provision for restoration obligation is not fully met and therefore, the Company has not recognized the decommissioning liability for the period ended 30 September 2026.

Qatar Vinyl Company Limited (“QVC”)

Decommissioning and Site Restoration Obligation

On 24 August 2025, the lessor issued formal decommissioning guidelines outlining the prescribed methodology and technical parameters for determining decommissioning obligations.

Management believes that after the issuance of letters and formal decommissioning guidelines received by the lessor, there is a probable obligation created that the lessor may choose the option to remove the facilities. Accordingly, the Company recognized the decommissioning asset and a corresponding decommissioning liability in 2025. As at 30 September 2026 the carrying amount of decommissioning liability is USD 43.061 million. The term estimated for decommissioning is 01 May 2046, which is the term of the new Joint Venture Agreement as per the Principal Agreement.

Tax assessment

Tax assessment for the years 2012 to 2014

In 2020, the General Tax Authority (“GTA”) issued an income tax assessment for the years from 2012 to 2014 for QVC requiring the Company to pay additional taxes of USD 79 million. This includes penalties of USD 39.6 million.

The Company wrote a detailed response to GTA on 16 September 2020 as per the requirement of tax law, stating that the Company will provide the required information, if any, related to these assessments which QVC management believes it's not liable to pay as per Article 2 of the MOU. GTA has yet to respond to this matter.

As per the terms of the MOU, the Ministry of Finance (“MoF”) undertakes to settle the income tax amounts payable by the Company for the previous years. Based on the ongoing advanced discussions between the Company, and the MoF, and GTA, it is expected that the assessments will be withdrawn and accordingly the Company has not recorded a liability for the assessments received.

As per the Dhareeba portal view as of reporting date, the above liability was excluded and have been assumed and settled by GTA.

Management concluded that the above tax assessment will not have an impact on the Company as its investments in joint ventures are equity accounted for on a pre-tax basis, in accordance with the provisions of the MOU agreed between the relevant stakeholders.

Tax assessment for the year 2017

On 24 December 2023, GTA issued an income tax assessment for the year 2017 for QVC requiring the Company to pay additional taxes of USD 25.5 million. This includes penalties of USD 12.8 million. A formal objection and appeal had been filed by QVC as per the requirement of Tax laws rejecting the full amount levied by the GTA.

QVC and GTA signed a final settlement which is currently pending formal decision by the Tax Appeal Committee (TAC). The decision is expected to be consistent with the agreed settlement terms.

Management concluded that the above tax assessment will not have an impact on the Company as its investments in joint ventures are equity accounted for on a pre-tax basis, in accordance with the provisions of the MOU agreed between the relevant stakeholders.

Tax assessment for the year 2018

On 24 March 2024, GTA issued an income tax assessment for the year 2018 for QVC requiring the Company to pay additional taxes of USD 45.4 million. This includes penalties of USD 22.7 million. An appeal was submitted to the Tax Appeal Committee (TAC) on 15 July 2024 as per the requirement of Income Tax Law No. 24 of 2018 and its Executive Regulations (Tax laws) rejecting the full amount levied by GTA. A settlement has already been signed between the company and GTA, it has been submitted to the Tax Appeal Committee (TAC). In light of the above settlement, and on the Company's request, the Tax Appeal Committee (TAC) issued a judgement to accept the Company's withdrawal from the appeal.

Tax assessment for the year 2018 (continued)

The Tax Appeal Committee (TAC) issued its decision in accordance with the signed settlement. Accordingly, no additional tax liability is payable by the Company to the GTA.

However, the remaining outstanding balance reflected on Dhareeba relates to a reconciliation matter between the GTA and the MoF. The appeal decision was issued on 3 March 2026.

Management concluded that the above tax assessment will not have an impact on the Company as its investments in joint ventures are equity accounted for on a pre-tax basis, in accordance with the provisions of the MOU agreed between the relevant stakeholders.

Tax assessment for the year 2019

On 29 April 2025, GTA issued an income tax assessment for the year 2019 for QVC requiring the Company to pay additional taxes of USD 34.7 million. This includes penalties of USD 34.6 million. A formal objection and appeal have been filed by QVC as per the requirement of Tax laws rejecting the full amount levied by the GTA. Management is confident that QVC's position will be accepted by the tax appeal committee and accordingly no provision has been recognized in these condensed interim financial information.

Management concluded that the above tax assessment will not have an impact on the Company as its investments in joint ventures are equity accounted for on a pre-tax basis, in accordance with the provisions of the MOU agreed between the relevant stakeholders.
